OBJECTIVE

UI/UX designer with a B.Sc. in IT and a certified Diploma in UI/UX Design. Completed a 3-month internship at Kumbhar Ventures and currently working as a Technical Designer Consultant Associate since October. Passionate about creating user-centric designs and continuously improving my skills.

SKILLS

User Experience (UX) Design: User Research, User Journey Mapping, Empathy Mapping, Information Architecture.

User Interface (UI) Design: Typography, Color Theory, Wireframing, Interaction Design, Prototyping.

Design Tools:

- Figma
- Adobe XD
- Miro

EXPERIENCE

Technical Designer Consultant Associate

Kumbhar Ventures | July 2024 – Ongoing

As a Technical Designer Consultant Associate, I gather client requirements and create designs for web & mobile apps, including business consulting and many more...

UI/UX Developer Intern

Kumbhar Ventures | July 2024 – September 2024

I have worked on multiple **website redesigns**, built a **website from scratch**, and designed **two mobile applications** with a user-friendly interface. Additionally, I developed **admin panel dashboards** to enhance workflow and data visualization, along with UI elements for a **brand influencer platform**.
